

## International Conferences (2019)

Organization	Conference name	Dates	Place	Overview	Eligible persons	Contact	URL
University of Tsukuba	Japan-Peru University Rectors' Summit Japan-Peru Friendship Year	Friday, 23rd August 2019	El Centro Cultural de la UNMSM, National University of San Marcos, Lima, Peru	the Japanese Peruvian University Rectors' Summit acts as a venue that brings together all the representatives of Japanese and Peruvian universities who are coming from different areas and cultures to discuss and share opinions on how to deepen cooperation amongst the members as part of international community.	The rectors and/or representatives of Japanese and Peruvian universities	Victor Sujatmiko (Mr.) victor.sujatmiko.ga@un.t sukuba.ac.jp Office of Global Initiatives, University of Tsukuba	
University of Tsukuba	Tsukuba Conference 2019	2019.10.2-10.4 9:00-18:30	Tsukuba Congress Center	The main subject of the Tsukuba Conference 2019 is "How do science, technology and innovation contribute to achieving Society 5.0 and SDGs?" Young global leaders in science, technology and innovation from over the world gather at Tsukuba science city, they take active part in the various sessions, have discussions, share their knowledge and idea, and then appeal their society's action goals and suggestions.	Young Global Leaders	Tsukuba Conference Organizing Council Office Kazuhide HATA 029-853-4207	<a href="https://tsukuba-conference.com/">https://tsukuba-conference.com/</a>
NARO	NARO-FFTC Joint Symposium: Current Trends and Perspectives of IoT /AI Technologies in the Livestock Industry	2019.10.24 8:30-17:00 2019.10.25 8:30-12:00	Tsukuba International Congress Center 2F Convention Hall 200	We invite domestic and foreign researchers to this symposium for introducing the current state of technology development related to smart livestock management including advanced technologies in Western countries and to discuss future prospects in order to contribute to the spread of smart livestock technology suitable for the Asia-Pacific region.	Researchers, students, etc.	International Relations Section, Strategic Planning Headquarters, NARO naro-intl-event@ml.affrc.go.jp	<a href="https://www.naro.affrc.go.jp/english/global-initiatives/iotai/index.html">https://www.naro.affrc.go.jp/english/global-initiatives/iotai/index.html</a>

Organization	Conference name	Dates	Place	Overview	Eligible persons	Contact	URL
NIMS	NIMS WEEK 2019 NIMS Award/Academic Symposium "Materials Innovations Driven by AI + DATA!" National Institute for Materials Science (NIMS)	2019.10.30 10:00-18:00	Tokyo International Forum Hall B5	NIMS Award Ceremony and Academic Symposium focusing on data-driven materials design and database development.	researchers, professionals, engineers and students	Kumiko Shigano Academic Collaboration Office, External Collaboration Division TEL:+81 59 2039 academic-collaboration@nims.go.jp	<a href="http://www.nims.go.jp/nimsweek/day2_en.html">www.nims.go.jp/nimsweek/day2_en.html</a>
NARO	Global fruit research to create innovation in fruit industry	2019.11.1 10:00-16:00	Tsukuba International Congress Center 2F Convention Hall 200	NARO invites experts from both Japan and overseas to share the latest knowledge and discuss the future of fruit tree research. The main topics are smart breeding systems for fruit trees using genomic information, labor-saving and sustainable technologies to meet farmers' needs by introducing advanced technologies, such as AI, and researches to expand fruit consumption and exports.	Fruit tree researchers and engineers, students, government officials, and fruit tree farmers.	Planning and Promotion Section, Fruit Tree and Tea Science (NIFTS), NARO	<a href="https://scms.naro.affrc.go.jp/english/laboratory/nifts/intlsymposium/index.html">https://scms.naro.affrc.go.jp/english/laboratory/nifts/intlsymposium/index.html</a>
NARO	The 25th International Congress on Sericulture and Silk Industry	2019.11.19-22	Tsukuba International Congress Center	The triennial Congress of the International Sericultural Commission will provide a precious opportunity for scientists and students to share latest researches in the fields sericulture and silk including various silkworms, host plants, post-cocoon technology, silk processing, economy, and so on. The assembly of delegates from silk producing and consuming countries is also expected to be advantageous for those in silk-related business to promote mercantile economic relations.	Government officials, researchers, students, etc.	Organizing Committee natuo- ISC2019@affrc.go.jp	Registration and abstract submission: by 2019.9.18 Application for exhibition: by 2019.9.6  <a href="https://www.iscongress25th.org/">https://www.iscongress25th.org/</a>
NARO	New approach from the field of machine and information research for realizing sustainable agriculture	2019.11.22	Tsukuba International Congress Center 2F Convention Hall 200	Experts at home and abroad will explain the recent status and prospect of the research activities for the smart agriculture on machinery and its information technology, considering the international standardization of technology.	Participants in agricultural machinery, Farm work technology, smart agricultural research, agricultural machinery testing & evaluation, international standardization (including extension officers and students)	Institute of Agricultural Machinery Administrator for International Collaboration Takashi Fujimori <fujimorit931@affrc.go.jp> Chief of International Relations Yoshiyuki Kawase<ykawase@affrc.go.jp>	-
